

November 21, 2023

Attention all Residents

You may now turn on your thermostats; the work at the Central Plant, in the Hotel, has been completed.

Please note that it takes about 10-15 minutes to return to proper function on some models so please be patient.

If you need assistance to reset your unit, please contact the front desk and Kyle will be up to take care of it for you.

Thank you.

Laurie Carroll
